Data Points

HR Submission Required in July

All Centers will need to submit an HR data file with the July submission, and at the beginning of each future fiscal year. With the exception of the July submission, the HR data set is not required on a monthly basis.

Taxonomy Codes for Staff

Several regions have asked about Taxonomy codes for non-health care staff members. At this time, we have not been able to find Taxonomy codes designed for this group of personnel. If any region has ideas on a coding method for non-health care staff members, please notify Dennis Moore (Dennis.Moore@rdmc.org) or Hope Barrett (Hope.Barrett@ky.gov).

For the time being, a code of 10 nines (999999999) has been added to the Taxonomy Code table to indicate Center staff who are not directly involved with Health Care services.

New Client and HR Submission Format Testing

If any center wants to test the submission of the new Client format or the new HR format, please contact Kathy Ernst (Kathy.Ernst@rdmc.org) to make arrangements

Accuracy Issues

Crisis Line and Center Staff information: Several regions have received requests to review the Crisis Line information and the Center Staff information. Reports detailing the current data on file are available on the "Region Upload Center" page in the "Reports" drop-down box. If you have not responded to these requests and the current data is correct, please notify Dennis Moore (Dennis.Moore@rdmc.org; phone: 859 260-1960) so the records can be finalized.

Status 2 Clients and Deceased Clients: All regions agreed that the issues related to Status 2 Clients and Deceased Clients would be corrected by the start of Fiscal Year 2006. Reports related to these issues are available on the "Region Upload Center" page in the "Reports" drop-down box. Due to some confusion at the Commonwealth Office of Technology, RDMC has not received the Kentucky Deaths information for several months. When the data is received, there will probably be a spike in the number of matches. RDMC will notify all regions when the new report is available.

Status 1 to Status 2 Several Centers show clients moving from status 1 to status 2. A memo was sent to all centers with this situation and several have already replied. When all applicable centers have answered the memo, RDMC will compile the results and notify the Department of the causes and planned solutions related to this issue.

Linda Harney sent an e-mail to the CMHC Executive Directors on 5/18 related to these accuracy issues. If you have any questions, please contact your liaison or Dennis Moore (Dennis.Moore@rdmc.org).

Kentucky County Quiz!

For fun, see if you can name the Kentucky counties that answer the following questions (answers will appear next month).

Which Kentucky county has a name that…
1. ...is Barbie's old boyfriend PLUS a unit of weight?
2. ...most boys hate to take?
3. ...is a donkey in a German town?
4. ...is a librarian who heard 76 trombones?

Answers to last month's quiz:
Which Kentucky county has a name that…
1. … was the "Pride of Mudville"? **Casey**
2. …was the geographic center of Kentucky before the Jackson Purchase, as noted by the name of its local college? **Boyle** (Centre College)
3. …is round at both ends and high in the middle? **Ohio** (O-high-O)
4. …is the name of Pete's dragon? **Elliott**
